48 inches / 4 feet
(121.92 cm / 1.219 m)

Length:
96 inches / 8 feet
(243.84 cm / 2.438 m)

Weight:
88 lbs (39.91 k)

PREVENT RUTTING

WITH THE SCOUT MAT™

Perfect for light and medium-duty jobs, Spartan Composites, LLC is the proud manufacturer of the Scout Mat™. At 88lbs each, the Scout Mat™ can be moved around manually, without the need for equipment or operators. It's perfect for turf protection, rutting prevention, weight distribution and a myriad of other construction applications. Made from HDPE, the Scout Mat™ will never rot and with over 89 locations, we're closer than you think!

Expect the best from the Scout Mat™

- ✓ Made of non-toxic and chemically inactive material makes this mat perfect for environmentally sensitive locations.
 - ✓ Does not conduct electricity.
 - ✓ Handles a wide variety of equipment including rubber-tired vehicles, excavators, heavy machinery, cranes, & drilling rigs.
 - ✓ Solid, heavy-duty, high-density polyethylene (HDPE).
 - ✓ Our solid light-weight mat is perfect for jobs where mats need to be handled and installed manually.
- Rated up to 200 psi, the Scout Mat™ bears the tonnage of vehicles and heavy loads.
- ✓

Scout Mat™: The mat every contractor should seriously consider having 20 to 30 of on hand at all times. Useful in almost every situation.

HAVE YOU CONSIDERED COMPOSITE ALTERNATIVES?

Transport Quantities:

Flatbed trucks able to haul 48,000 lbs of product can load 510 mats per truck!

Protection:

Yes

Transport Quantities:

Yes

Static Dissipative:

Yes

Thermal Expansion:

Impact modifiers added

Warranty:

1-year warranty with a field life of 10-years when used as recommended

Scout Mat™ Options:

- ✓ 2-way & 4-way connectors—Best drop-in connectors in the industry. Easy to use and built Spartan tough with stainless steel to last.
- ✓ Traction—Raised nubs for efficient traction and mud dispersal; reversible pedestrian surface.
- ✓ Colors Available—Standard Tan, great for reducing heat, which decreases likelihood of killing grass and vegetation. Black for recycled HD Polyethylene. Choice of colors for virgin HD Polyethylene.
- ✓ Branding—Become a distributor and/or create custom logos or branding for industry recognition.

Scout Mat™ Tread Patterns:

- ✓ Rugged & Pedestrian—Standard mats come configured with a rugged tread on one side, and pedestrian tread on the reverse side.

SCOUTMAT

CUSTOMER TESTIMONIAL

The Scout Mats™ are working great. In the past we've had to wait for the ground to dry, and wait for nicer weather to do our work. **Sometimes we'd have to put jobs off for weeks, but not anymore.**

Using the mats is also **easier on our equipment**. We can get the dump truck closer to the excavator, so there is less wear on the undercarriage from tracking back and forth. **We're no longer wasting time** getting the truck stuck and the excavator isn't slopping through mud. The employees aren't all muddy either—almost gets rid of the need to constantly clean your boots.

Customers often think we're going to make a mess of their yard but when we lay these Scout Mats™ down **it makes everything so much cleaner and better**. We used to spend at least a half day and sometimes days on restoration, now it's almost a joke. There is almost no need for top soil, grass seed, and straw. **These mats save us a lot of time and expense.**

Oliver

A satisfied Scout Mat™ customer

Using ScoutMat™ protects your equipment and the turf for minimal wear, tear and cleanup when your project is done.
